Hi Frank,

How's everything with you fellows over there? As yet I haven't heard from Mr. Wirin. I should get something today at least.

Is Min and Ben there yet? How about the six from Heart Mt. including Tom Kawakura? Tell them all not to worry there hasn't been any other Otsuya's - that I know of yet.

Tell Mr. Kubota that I got Maki chan a scooter and she sure was happy. I told her that her daddy had sent it. Both the

v
~~is~~ is the paper that I thought Mr. Okamoto might have use for, but they wouldn't let it go thru. The people in general here haven't any shunmi about the present case. At least the conversations don't run that way.

Say, did you receive some rice balls? It was arranged that they send over a couple of orders. I left there at 1:30 a.m. Sunday morning and reached here about 7 P.M. Sunday nite. Goy what a ride!

Say did the anti-acid powder help Jimmy and Paul's canker sore?

kids are in good health
as is Mrs. Kubota. The
biggy also was delivered
and Mrs. K. was so surprised
that she said her knees
started shaking.

Grant and Kathy are
right there, the picture of
health. Kathy and Gutaka
had a little squabble
and Gutaka got a hold of
a stick and tried to hit
Kathy (He did me) but no
damage was done. Grant
hangs on to the drape on
the doorway and tries to
walk. Yeh. He stood up
by himself and surprised
us.

This paper I'm writing on

The pharmacist who gave
me that also gave me
some blue vitriol to
apply to the sore but
since it being a poison,
they would not allow
it to go thru.

About your slippers, Amy
thought you would be
back so she didn't send
them but since we haven't
heard from Mirin, I told
her to send it right away.
If there is anything anyone
wants, let me know.

So Long for now -

AW

P.S. Say "hi" to everyone there
and tell Ok that I saw that
yellow in block 22. P.S. Amy received
your letter Sat.
