Dear Karen:

Enclosed is my check signifying my support of the open letter to S.I. Hayakawa.. I wanted to respond immediately to your letter.

I am currently the President of the Asian Pacific Planning Council and the National Chairperson of the Ethnic Concern Committee of the Japanese American Citizens League, as well as the administrator of a large Asian agency. Please be assured that I will circulate this effort widely in the Los Angeles area. Keep me informed on developments.

In Unity,
