- I This is to be a short business meeting to clarify the stand of the F.P.C. *Everyone is welcome but we shall have to limit discussion to members only.* Due to certain conditions it was thought best to appoint a temporary chairman for each meeting. I was asked to take charge of tonites meeting.
- II There have been various rumors circulating the camp. False statements have been made as to the aims of the F.P.C. You should bear in mind that the aim of the F.P.C. is not to dodge the Selective Service as some people seem to think or would like to have you think.
- III The aim of the F.P.C. is to fight for our rights as American Citizens as outlined in the Constitution and Bill of Rights. A person whose only desire is to dodge the draft is not wanted. ~~ONLY~~ LOYAL AMERICAN CITIZENS who believe in these aims have formed the F.P.C.
- IV Therefore the aims and policies are not only within the law but to fight to preserve the highest law of the Nation. On that point the members may rest assured.
- V ~~Every member is authorized to make statements~~
No individual is authorized to make statements for the F.P.C. or publish them without the sanction of the F.P.C. as there have been statements attributed to the F.P.C. that had no basis on facts.
