TYPICAL TULARE WEATHER

AH, SHADE!

Official weather reports stated the peak for the last week was almost 95 degrees and that the temperature was expected to rise close to the 100 mark before the month was over. The all-time high for May has been around 110 which makes Tulare quite the "hot spot" everyone expected it to be.

SPORTS TAKES
SHARE, SAYS LEACH

Although still in its embryonic stage, the recreational system of the Palace Center will soon develop into a complete program for all age groups under the able guidance of Mr. Harold A. Leach, Recreational Director.

In addition to the volleyball courts, there will be a baseball diamond, one tennis court, and supplementary badminton courts. Basketball courts and more horseshoe pits are now in progress. These recreational sports are to be located near the M section of this Center. They will also provide further recreation in the near future.

All the recreational halls will be open from 9 a.m. to 9 p.m. to provide amusement for all young people. M-4 will be one of the main centers.

Tennis will probably be held every Saturday night in the L-4 and K-6 halls.

Organization of clubs for the various age groups has begun. An organized Boy Scout troop is now in full swing.

The Recreational Department is working in conjunction with the educational group in order to assist the necessary physical education classes.

Under the direction of Mr. Tetsu Komi, with Yoichi Nakase assisting, talent shows will be given every week. These plans are still in progress and should materialize soon.

C,D VS. L,M

Tackle football, miniature style, was played on the grass between C and D sections yesterday. The diminutive footballers, using a ball to match drew a large crowd who cheered in the approved manner as the boys from C and D sections featuring a passer deluxe steamrolled over the L and M lads to the tune of 30 to 6.

Let's get organized... Form teams now.

SCOUTS MESS CHECKERS
STRONGMAN LIFT
BARBELL

Barbell training has been in earnest as some of the training sets arrived at the Center. Classes are being run six nights a week and they will be divided into two divisions. One will consist of light lifters and the other, the heavy lifters.

Moboru Wakumoto of Lompoc is the strongest at present. He presses 160 pounds and clean jerks 210 pounds.

Classes will be enlarged as soon as new training sets arrive, and an organized barbell club will be formed.

Scrabell is the lifting of weights which are equally placed and balanced at both ends of a bar. This is one of the oldest form of physical training that is in practice today.

Much credit for the barbell organization goes to John Ishimoto and Suki Oishi, both of Guadalupe.

JIVE EXPLAINED

"The technique applied to jitterbugging is entirely different to that of fox-trot or waltz," said John Sumi, who hails from Santa Barbara. John, who is generally acknowledged to be the best jive artist in the Center, is currently teaching the main version of the light fantastic in Barrack K-6 on Mondays, Wednesdays, and Fridays at 4:30 p.m.

"In jitterbugging, you should hold back as much as possible, and arms should be kept back. The partner should not follow too closely lest you stumble."

"Although the most important steps are diko, methods differ according to persons. Los Angeles has the best jitterbugs, and Negroes are especially good at this art," said John, who is in a position to know since he lived there before going to Santa Barbara.

Catching the spotlight of the volleyball courts Saturday night was the terrific struggle of the little boys in uniform and the clowning Mess Checkers amid the cheers and jollies of the excited throng of spectators, the Boy Scouts gave the husky Mess boys a walloping to the tune of 21 to 14.

In the second game of the nightcap, the powerful Loafers, with a brilliant record of only one defeat out of 15 games, trounced the Mess Checkers in their second consecutive defeat of the evening, thereby, establishing themselves the most outstanding team in the Center.

CHECKERS FINALLY WIN

The Loafers still continued their long winning streak on Sabbath night by handing the ill-lucked Mess Checkers a 21-to-6 thumping for their third consecutive defeat. But the Mess Checkers, with a complete reversal of form, surprised everybody by toppling the Loafers 21 to 19 in one of the biggest upset of the season in the second game of the double-header.

Players who competed in the Saturday and Sunday games were: Mess Checkers: Kayo Kuratani, Kody Kodama, George Matsuura, T. Murata, F. Tokuyama, Thomas Okamoto, John Sumi, J. Kawato, R. Kamachi, M. Mitani, T. Yoneda, and N. Fujita.

Boy Scouts: Bob Hadda, Yoichi Nakase, Sen Morishita, S. Murakami, Yoshio Naruko, Yoshi Izadomi, Ray Koyama, K. Takayama and Taduo Susuki.

Loafers: M. Nakano, K. Tanaka, S. Nakano, Frank Tanaka, B. Kurakawa, M. Tachibana, M. Mizukami, F. Ichikawa, R. Ichikawa, Y. Minamide, and H. Hatobayashi.

NOTICE!!

The footbaths are to be used after, and not before entering a shower, says Richard Hirayama, Public Health Officer. The purpose of having a footbath in all the shower rooms is to prevent athlete's-foot.
