NEW UNIT PLAN FORMED

In order to bring the councilmen closer to the people they represent, ten men will be chosen from each unit to act as a committee to bring up problems that the section heads would be unable to attend to. This plan, as worked out by Ken Sato of Pasadena, who lives in E-4-2, and others of his section, calls for a man to represent ten apartments or two barracks.

Recommended as an optional plan by the council, each representative may form such a group in his section if he so wishes. This system will allow the councilmen to get in close contact with his constituents, and make for a more democratic set-up.

Statistical reports compiled by the Educational Department show the total population of Tulare Center to be composed of 4,835 inhabitants.

The number of American born citizens in the Center tops the alien population by an overwhelming majority with 1,501 male and 1,539 female citizens, and 1,453 aliens. However, the present figures may have altered due

to small additions to various families from time to time.

Among the girls, the eighteen year old group surpasses all other age groups in number, boasting a grand total of 103. The twenty-one year olds lead the stronger sex with 84 members. In the alien division, the male population exceeds the females totaling 845 and 808 respectively.

VISITORS PERMITTED

In order that friends
may visit the people in
the Tulare Center, the
police department has
arranged for a visitors'
building. This new build-
ing which was completed on
June 1, consists of two
barracks and is located by
the gate in the E section.

Chief White who is in
charge of this, said that
passes will be issued to
all visitors, and the per-
son in the Center will be
located either by a phone
call to the section in
which he lives or by a
runner.

"Visitors will be
allowed to see friends in
this building only; other-
wise the Center may become
overcrowded. Japanese
visitors may visit friends
only with a military pass
from the Army command,"
stated Chief White.

DISTURBANCE!

Disturbance of classes
in session by students and
persons of the Center has
to come to an immediate
stop, explained Miss Helen
Osaka, chief coordinator
of the educational depart-
ment. There were many
instances where noises
outside the classrooms
were avoidable. The coop-
eration of everyone is
urgent to continue this
school program to its
fullest extent.

GOOD DEED PRAISED

Many people have
noted and praised the
ladies' rest room in the E
section. Two women in
particular are responsible
for constantly keeping the
latrines in better condi-
tion with the aid of a
bucket. They have also
done other odd favors to
better the living condi-
tions there.

Mrs. Sakamoto with
her helper Mrs. Aisawa,
both of Sierra Madre, de-
serve the credit for per-
forming this thoughtful
duty. Their conscientious
work has led other ladies
to follow the sanitary
work they have started.

SERMON GIVEN

"The Use of Tools,"
not only material, but
words, quotations, action,

who delivered the sermon
last Sunday evening at the
regular Christian Service.

Dr. Hunter, who is a
well known minister, schol-
lar, author, and a sincere
friend and worker for the
Japanese, came here to the
Tulare Center from Los
Angeles for the service.

At an informal dis-
cussion after the worship
service, Dr. Hunter offer-
ed to send literature on

GOTO MADE DIRECTOR

Masao Goto, will be the director of the physical training class under Harold Leach, Recreational Director. The class will be conducted for all elementary, Junior and high school students. Enrollment started Monday, June 1 in the school classrooms. The recreation hall have suffered a great loss of magnificence and books. Harold Leach requests that reading material stay in the rooms and not to be taken home. Also more lights will be installed in the recreation hall.

Under the leadership of Harold Leach, all recreational leaders are now being put through special training. Some of the schooling they go through are folk dancing, ball room dancing and various sport training.

SUPERMEN TO MEET AT C-3-3

With sixty men answering the call, the Barbell Club will get underway immediately. At their last meeting rules and regulations were drawn up.

The club will be divided into two units, the light and the heavy. Light lifters will practice on Tuesdays, Thursdays and Saturdays; heavy lifters on Mondays, Wednesdays and Fridays.

The barbell gym will be located at C-3-3. The equipment will be there all day and an instructor will always be there. The public is welcome to the use of the gym during the day, but from 7:00 P. M. it is only for club members.

Much credit for the organization goes to Fets Shiota, John Ishimoto, Noboru Makamoto, and Suki Oishi.

SANTA MARIA NOTICE!

All students from Santa Maria high school, who have purchased their annuals please send your receipts to the Breeze office because "The Reviews" were released this week.

Let's organize Unit baseball teams for competition.

FIREMEN DRILL

Twenty-five buckets of water a minute, enough to take care of a small fire, were splashed in a bucket-brigade drill held recently. Each bucket holds three gallons of water and the barrels hold fifty-five. In case of a fire, a hose is run into the barrel to get a steady supply of water.

Chief Hoyt announced that two 1 1/2 ton flatrack army trucks have been added to the force. One of these will be used to pull a pumper when it arrives, and the other will carry the water tank used in sprinkling the grounds. Six more men will also be added to the crew, which will bring the total manpower up to 30.

Books (novels, non-fiction, biographies) are badly needed for the library. Either an outright donation or loan will be accepted. See Miss Helen Osaka in the administration office.

1000 ENJOY PARLOR GAMES

One of the most popular attractions in the Center is E-4, a recreation hall especially for men. Approximately 300 people are enjoying the facility at one time, and over 1,000 people come in daily.

The parlor games include: checkers, 1 chess, 2 monopoly, 1 parchees, 4 shogi, and 7 goh sets. About 300 oldsters have signed up for goh. Three ping-pong sets are to be installed in the near

future. Magazines available are: Times, Nat. Geographic, Life, Sat. Eve. Post, Parents' Magazine, Reader's Digest, Liberty, Harpers, and numerous others.

Albert Ikeda, who is in charge, states that because so many read the magazines, they do not last very long. Funny book and magazine donations would be highly appreciated.
