DEAR SALLY:

Well, I went to a banker yesterday in New Rochelle and made out an application for a loan. It must come thru fast too or else some one else will get the property. Its a very good locality too.

I was suppose to pick the picture up last Friday night but I didn't quite make it. I'll get them Monday. I have a letter from Mas Yonekura. He is going to have a vacation soon. He is going to see the Yoshikas in Minneapolis. He said he had gone to visit Toichi a few weeks ago too. From his shop, there have been many Niseis inducted into the army. Also I got a letter from Art Kuwamoto. He is going to a College ~~at~~ Minneapolis to take up architecture. He is going pretty soon.

Say! I'm going to Church this morning. I also went last Sunday. Holy Moses! It might keep up at that Eh! well, we will take turns going. Of course you would want to go wouldn't you, Say! I think I mined the Radios. I phoned to them a couple of times in the last two weeks. No answer.

probably they have gone to California already. Poor Mrs. Rodin wants to go out to see things but her husband Paul is busy and also not in the mood.

My boss sure was in an uproar all of last week. He ended up by saying to me, "You're a Hellava draftsman but you move along." Tat of that isn't my fault but I better watch a little closer. I had been a little slack in the mind. Been thinking of other things in office. He even threaten that I better visit it a lot. It was just a threat but Gosh! I better try to keep my mind on my work.

Well, I'll write more later. Must go out to have breakfast. I would write that it a hellava routine but you would come right back and say Hurry to get you out. and that isn't going to help—

Well, It better come then (the loan)

Love.

Ken
